

First Aid

Befriending Drogheda

We are delighted with the response to our First Aid Training day for Befriending Volunteers. It has filled up very quickly. It is great to see how enthusiastic and interested these volunteers are in being the best "Befrienders" they can be. It looks like it will be a great learning day and an opportunity for getting to know each other better too.

More training days will follow for our volunteers. You can join our great Befriending team by contacting us now. Check out what we do here.
