

# Failte Isteach

Understanding the valuable contribution that our 'Older People' can still make to society we have a programme where *they* help new migrants with conversational English. Life experience and patience assist them in this well organised and fun activity.

English conversation classes take place on Tuesday evenings from 7pm to 9pm. No need to book. Just come along and enjoy!

Remember, you are all very welcome, on your own or with a friend or family member.
