

Journey of a Lifetime - Dave's book

As you all know Dave Turner and Gerry Mulroy cycled across America to raise funds for our organisation. They had a great time, in spite of the length of the journey and the difficult weather!

Dave has now written a great book sharing their experiences with us. Here's what he had to say about it. ***"I wrote this book because I wanted to record our amazing adventure cycling across the USA. We followed the Trans-Am route starting in Yorktown, Virginia, and finishing in Florence, Oregon. There are no detailed maps, just accounts of where we were, where we went, people we met, what we saw and our daily adventures,***

plus lots of photos."

If you have supported Dave and Gerry on the journey you'll really want to read this great book.
